**THE ULTIMATE FLAT FINISH!**

**ARE YOU READY?** The flattest wood floor finish on the market is here!

Polo1K is a unique single component clear waterborne finish designed for extreme durability and ease of use. It offers exceptional resistance to abrasion, wear, scuffs, and many common liquids and chemicals. **Its rapidcure technology allows your customers full use of their floor in just 24 hours.**

Polo1K 3.5 features an average angular sheen of only 3.5°. All other flat finishes on the market are isocyanate catalyzed with an angular gloss reading of 6-10°. They just don't cut it, if a job demands a REAL FLAT FINISH. Polo1K is virtually odorless and has a voc content low enough to use anywhere... including LEED jobs.

**PoloPlaz finish is exactly what you need!**
