Available In.....	5 Gallon Containers

FEATURES

- VOC Compliant
- Low viscosity for use with T-bar and EZ-Way
- Deep penetrating
- Dries overnight
- Exceeds MFMA standards
- Easy application
- Excellent build

LOW VOC

Poloplaz Low VOC Sealer is a deep-penetrating sealer that dries overnight. When VOC compliant products are a must, and waterbase is not an option, PoloPlaz Low VOC Sealer is the perfect choice. It is the only deep-penetrating sealer in a VOC-compliant formula that dries reliably overnight. This low-viscosity formula allows the sealer to penetrate the wood while reducing the risk of polyballs. Use with PoloPlaz Game Line Paint and Magnum Low VOC for maximum adhesion.
